Feedback Link: <https://forms.gle/9egw5ySq6rqvHkqQ6>

Feedback about quiz competition is also taken from students. In which suggestions are recalled from students about the competition. In feedback form questions are asked related to time duration of examination, difficulty level of questions. Students are also asked about to rate their overall knowledge level covered before attending the competition. Suggestions are called from students about in future which types of ONLINE activities (Webinar, Quiz Competitions, Guest Lecture) they want to attend. From the analysis of feedback form it is seen that about 80% students are agreed that the competition is relevant and helpful for their subject knowledge. 90% students are agreed to sufficient time duration of Quiz Competition. About 70% students are suggested that difficulty level of quiz competition is “high” which ranges between low and extremely high level. About 95% students like to attend such type of Quiz Competitions In future also.

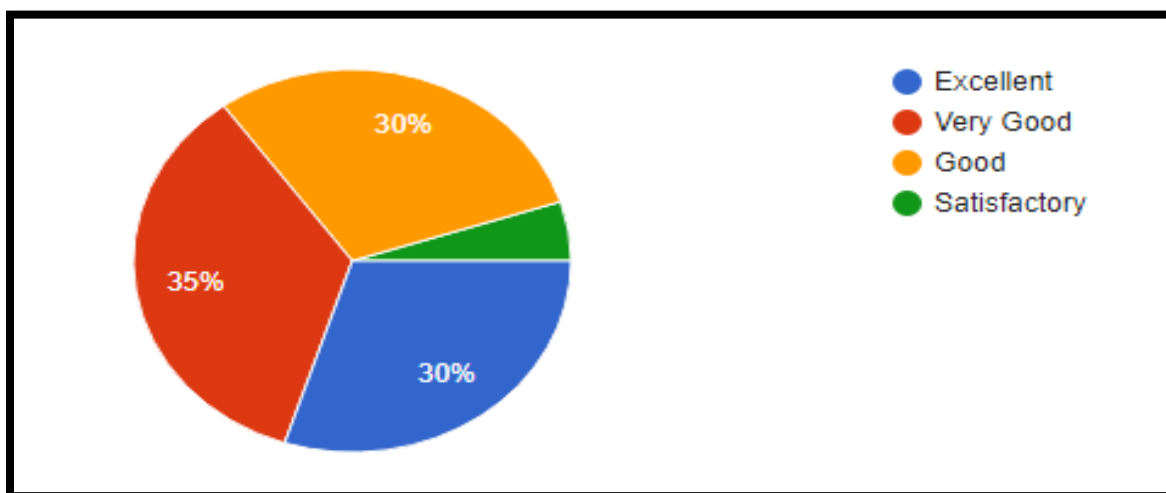

01] How relevant and helpful do you think it would be for your subject knowledge?

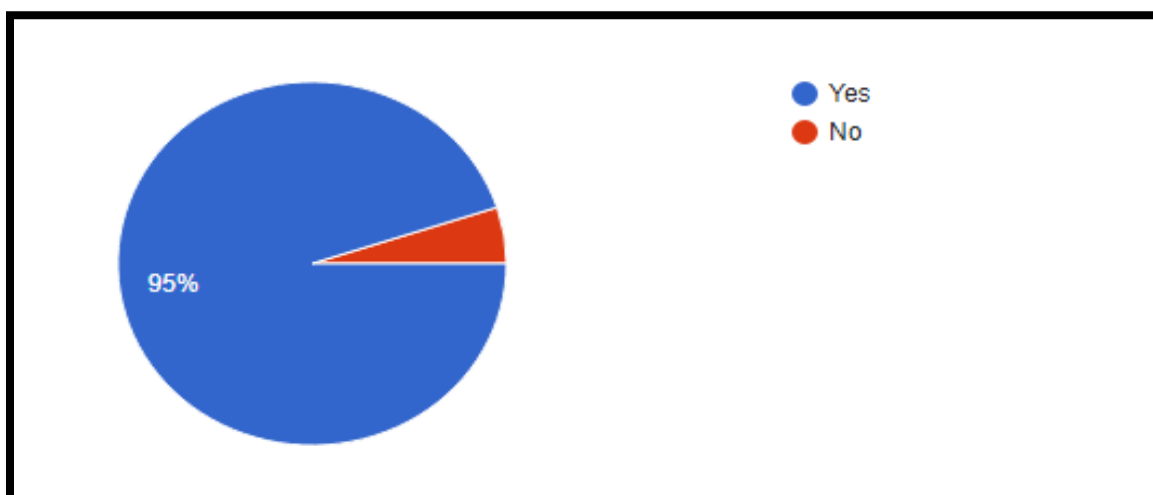

02] How you grade the difficulty level of Quiz Competition.

03] Please rate your overall knowledge level covered before attending the competition.

04] In future would you like to attend such type of Quiz Competitions?

12) Outcomes:

1. Students are able to check and improve their general knowledge level.
2. Students can furnish their knowledge of basic sciences subjects.
3. Students make themselves prepared for such kind of higher-level quiz competitions.
4. Confidence level is built up in students after this competition.
