Action Taken Report On

National Level Workshop on "Cyber Security"
On the occasion of National Science Day

Academic Year 2021-22

Activity: National Level Workshop on "Cyber Security" on the occasion of National Science Day. Cyber security is a practice formulated for the protection of sensitive information on the internet and on devices safeguarding them from attack, destruction, or unauthorized access.

Aim: The aim of cyber security is to ensure a risk-free and secure environment for keeping the data, network and devices guarded against cyber threats. Cyber security strives to ensure the attainment and maintenance of the security properties of the organization and user's assets against relevant security risks in the cyber environment.

Notice: Leaflet is attached with this action taken report

Date: 04-March-2022.

Name of President: -Dr. O.S. Deshmukh, Principal, Shri Shivaji Science & Arts College, Chikhli.

Convener: -Dr.A.B.Kadam, HOD of Computer Science

Organizing Secretary: -Dr.M.E.Jadhav

Technical Secretary: -Dr.S.S.Gaikwad

Number of participants: 735

Action Taken: -

Shri Shivaji Science & Arts College, Chikhli, Dist-Buldana. The Department of Computer Science, has been conducted a **National Workshop on "Cyber Security" on the occasion of National Science Day**, on **04th March 2022** at **02:00 PM- 04:00 PM..**

PM for this Workshop the invitation link was

Introduction:

In today's world, Internet has touched every aspect of life. With the growing use of the internet by people, protecting important information has become a necessity. A computer that is not having appropriate security controls can be infected with malicious logic and thus any type of information can be accessed in moments. Number of infected Web Pages and malicious websites can be seen every day that infects the computer and allow hackers to gain illegal access to other computer systems.

Cyber security is very important because of some security threats and cyber-attacks. For data protection, many companies develop software. This software protects the data. Cyber security is important because not only it helps to secure information but also our system from virus attack. Social networking sites have become the most popular medium for sharing information and connecting with other people. But these sites have created varied opportunities for cybercrimes, compromised personal identities and information leakage. Therefore, it is important for individuals to understand how to protect against cyber threats, and must also comprehend the difference between virtual and real world. One should learn how to protect computers and personal information, from being hacked and should engage in appropriate online behaviour in order to eliminate changes of cyber threats and thereby creating a safer online environment.

Cyber security is of paramount importance for government organizations also and is a vital asset to the nation. The increasing use of the internet and social media has made cyber security even more important that it was before. Growing cyber threats such as data theft, phishing scams and other cyber vulnerabilities demand that users should remain vigilant about protecting data. It is essential to

understand the varied type of risks and vulnerabilities that exists in the Internet world. For every user, it is important to think before connecting to someone using online medium. Users should also think prior to sharing any information with other users through the internet.

Objective:

1. To evaluate the security and identify vulnerabilities in systems, networks or system infrastructure. It includes finding and attempting to exploit any vulnerability to determine whether unauthorized access or other malicious activities are possible.
2. To aware students/society with basic knowledge of cyber security.

The participant's response is as follows.

No. of Participants	Maharashtra	Out of Maharashtra										Out of India
		Andhra Pradesh	Karnataka	UP	Bihar	Tamil Nadu	Chhattisgarh	MP	Delhi	Kerla	Gujrat	Dubai
735	683	3	16	2	7	2	4	7	1	1	7	1

The resource person for this National Level Workshop was Dr. Sagar S. Jambhorkar, Civilian Gazette Officer Group A, National Défense Academy, Khadakwasla, Pune. President of workshop Dr. O.S. Deshmukh, Principal, Shri Shivaji Science & Arts College, Chikhali, Dist. Buldana, who always inspire and support us for such types of social events. The Inaugural Guest Prof. Dr. V.U Pochhi, IQAC Co-ordinator, Shri Shivaji Science & Arts College, Chikhali, Dist. Buldana.

For this workshop convener & HOD Dr. A. B. Kadam. Organizing Secretary was Dr. M.E. Jadhav and Technical Secretary was Dr. Sonali Gaikwad, for the national workshop. Mr. Shubham Burkul, and departmental members of Mr. P. S. Sonune and Mr. S. A. Chavan who helped for the successful conduction of workshop.

Feedback of Cyber Security National Workshop

The feedback for Cyber Security Workshop from the participants view was all over very good and very much informative Cyber Security workshop. The Workshop was perfectly well prepared. Nicely organized, workshop contents are important and also needful information & best organization. It was very fruitful, significant and informative session.

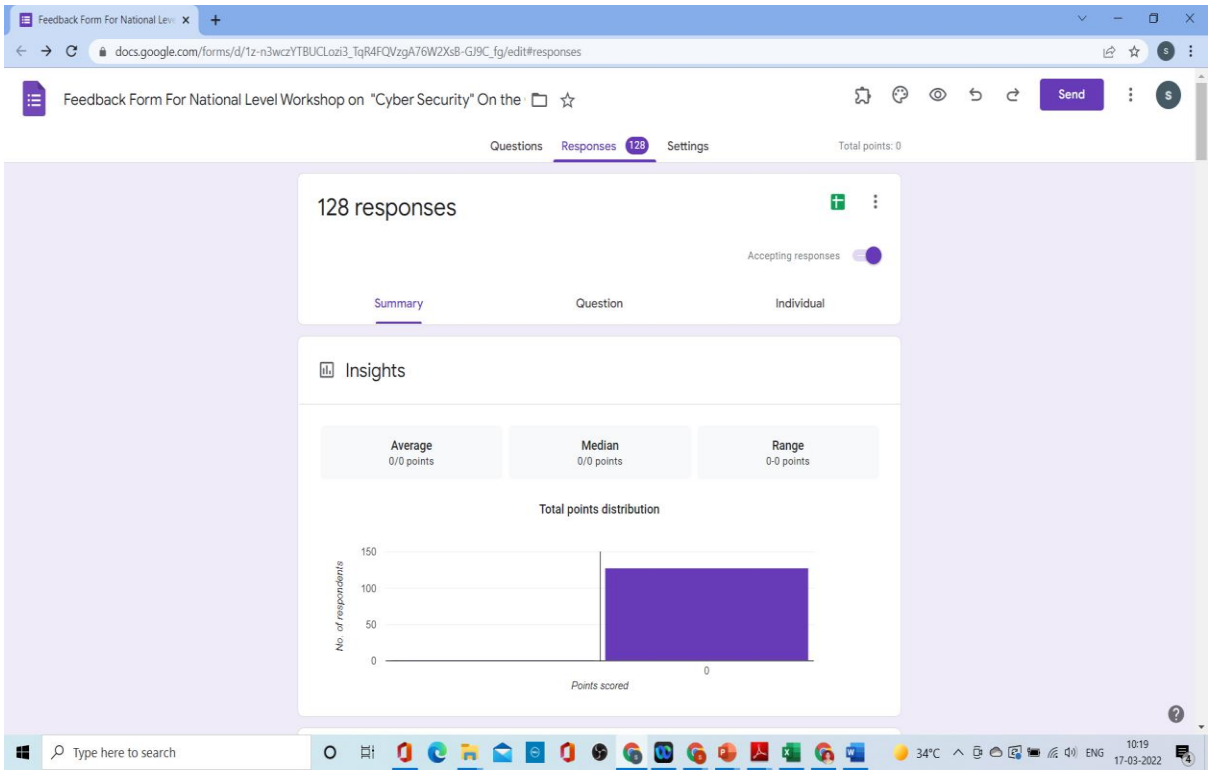
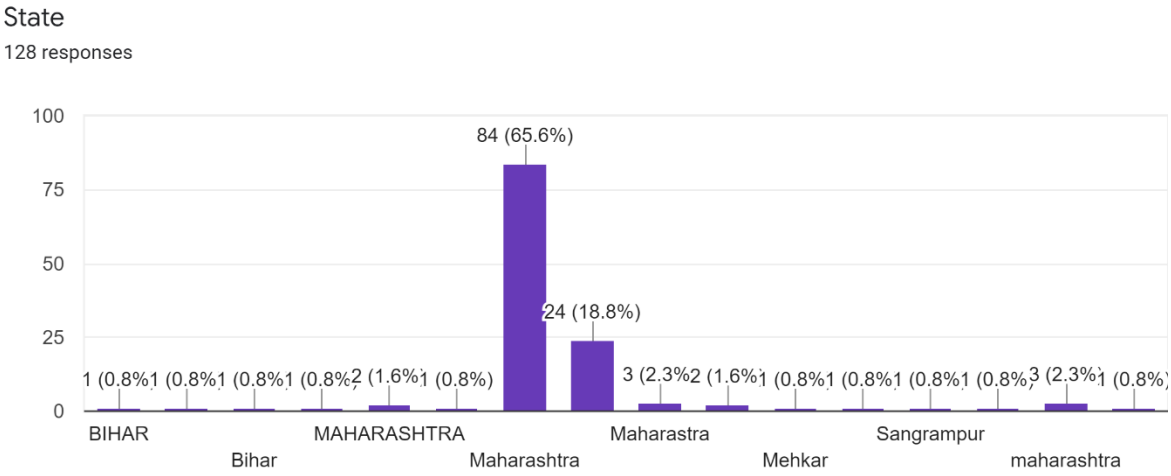
Feedback Analysis of National Level Workshop on Cyber Security

After completion of National Level Workshop on Cyber Security on the occasion of National Science Day feedback from all participant was collected through Google form. After the analysis of feedback form following observations were noted prominently.

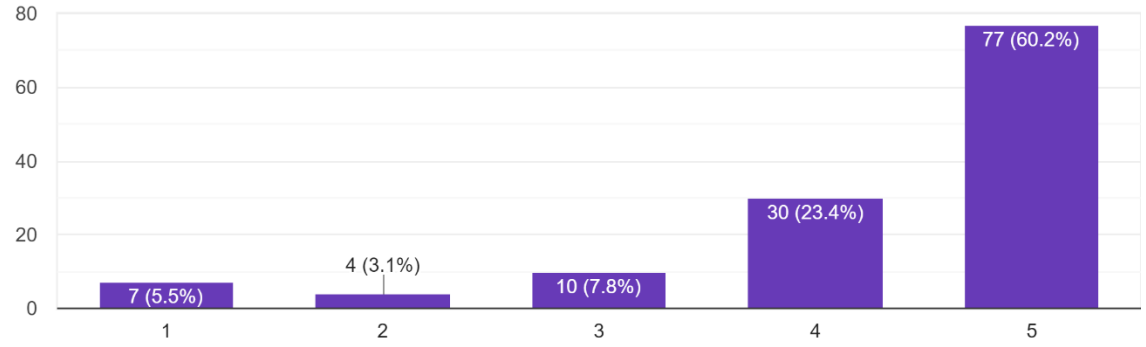
Response for the Feedback Form from the participants side is 128.





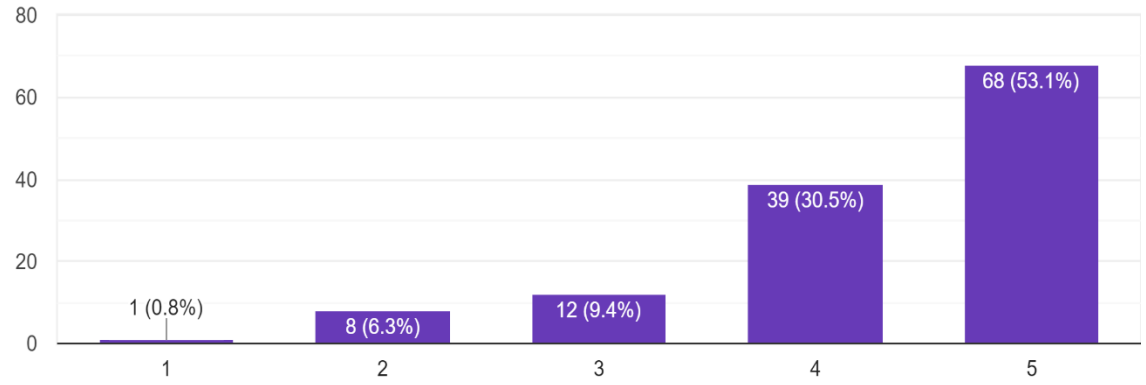
1. How satisfied were you with the event?

128 responses



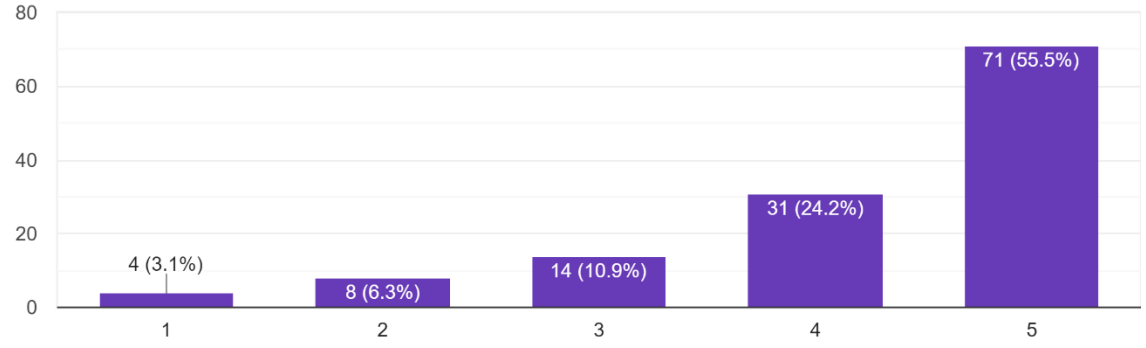
2. How relevant and helpful did you find the event?

128 responses



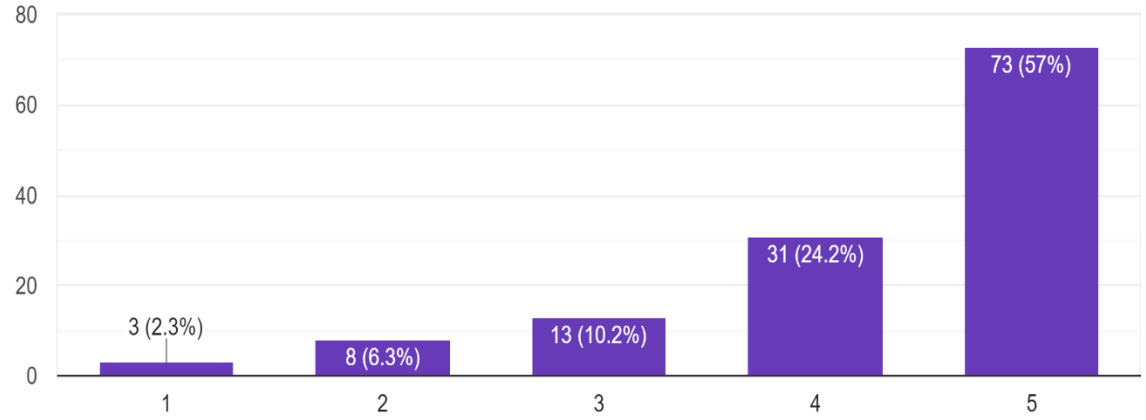
3. How satisfied were you with the platform?

128 responses



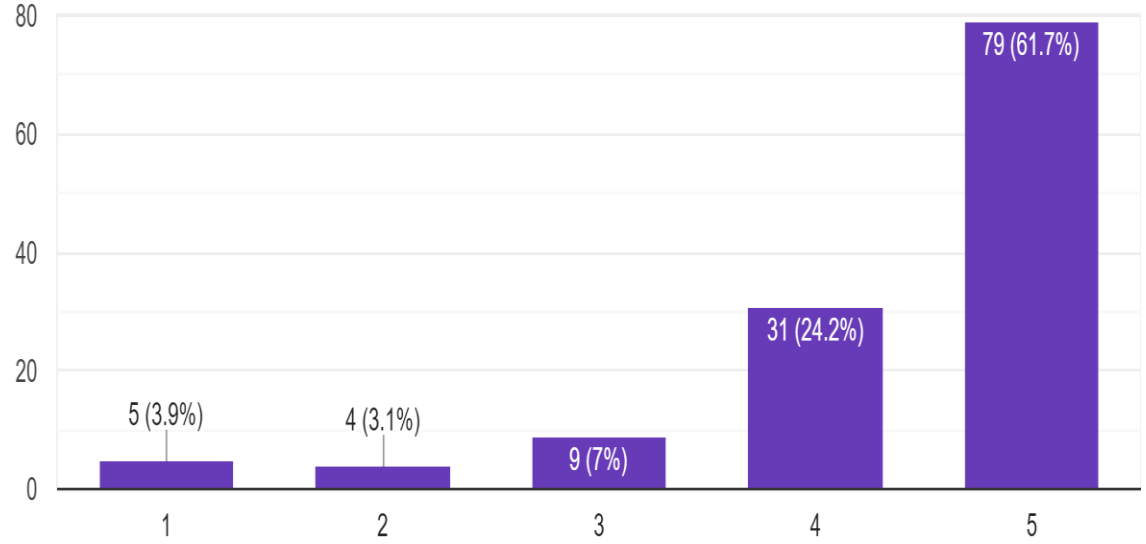
4. How satisfied were you with the event content?

128 responses



5. Overall Experience of the speaker.

128 responses



Action taken on Feedback Analysis

Suggestions, comments and Action taken:

1) We are improving our other workshop content of as per participant's feedback.
2) As per participants feedbacks, we have to plan organize such type events in future.
3) As per participants request, we have share PPT with the participants.
4) As per participants suggestion we will organize such workshop on offline mode with practical approach.
