

# Shri Shivaji Science & Arts College Chikhli,

Dist.-Buldana (308)

2020-21

Class - M.Sc. II

Subject: Microbiology

## List of Project Title

| Sr. No. | Name of the Student               | Name of Project  |
|---------|-----------------------------------|--|
| 1       | Aboli Chandrashekhar<br>Mehkarkar | Development and quality evaluation of sweet potato jam blended with carrot.                        |
| 2       | Archana Dagduba Palve             | Bacteriological examination of ice and it's health significance.                                   |
| 3       | Bhagyashree Vitthal Futankar      | Aim determination of microorganisms from Lonar lake.   |
| 4       | Dipali Prakash Jadhao             | Antibacterial activity of sweet orange (Citrus sinensis) on Staphylococcus aureus.                 |
| 5       | Gajendra P Talekar                | Microbial flora on the ocular surface of eye.  |
| 6       | Kalyani dinkar burkul             | Isolation and characterization of bacteria isolated from waste management.                         |
| 7       | Manish D Shelke                   | Microbial analysis and quality control of milk collected from different region in Chikhli town.    |
| 8       | Meena Dagduba Palve               | Antibacterial activity of green tea.   |
| 9       | Neha shamlal mawatlal             | Development of biocontrol agent against plant pathogenic fungi.                                    |
| 10      | Nusrat anjum shaikh nabi          | Antibacterial activity of honey against human pathogenic bacteria a case study of Chikhli tehsil.  |
| 11      | Santosh Bhagwan Shelke            | Production and optimization of crude enzyme amylase from Aspergillus niger by using banana peels.  |
| 12      | Sharyu D. Kulkarni                | Antimicrobial activity of ginger extracts against food borne pathogenic bacteria.                  |
| 13      | Shital Jayendra Pazade            | Production of citric acid from different fruit peels using Aspergillus niger.                      |
| 14      | Shital Sanjay Misalkar            | Bacteriological quality of street vended Chinese food.   |
| 15      | Shrikrishna Tryambak<br>Shimbre   | Isolation, identification and growth conditions of calcite producing bacteria from Urea rich soil. |
| 16      | Vijay Dilip Korde                 | To study of microbiomes, fungi in oral cavity in dental hospital lab.                              |
