Evaluation Process to measure Attainment of COs, PSOs and POs

Evaluation of Attainment of Course Outcomes (COs):

College departments evaluates the attainments of COs of the course. The method of evaluation of the COs is as follows.

1. Attainment of COs is measured directly in terms of performance of students in semester end examination conducted by the university.
2. After the declaration of university examination results, every department prepares programme wise and course wise result analysis report.
3. Departments evaluate overall attainment level for all COs for each course as following method.

In this method, the attainment can be calculated by summing up the scores of students and dividing the total by the number of students who enrolled for the course. If attainment is good, the passing percentage is also good. Here attainment score give a best picture of how far students have understood the course rather than pass percentage.

The level of attainment is consider as follows.

- If for a given course, if attainment score of course is greater than 90, but less or equal to 100, then overall attainment of COs is said to be '**Outstanding**'.
- If for a given course, if attainment score of course is greater than 80, but less or equal to 90, then overall attainment of COs is said to be '**Excellent**'.
- If for a given course, if attainment score of course is greater than 70, but less or equal to 80, then overall attainment of COs is said to be '**Very Good**'.

- If for a given course, if attainment score of course is greater than 60, but less or equal to 70, then overall attainment of COs is said to be '**Good**'.
- If for a given course, if attainment scores of course is greater than 50, but less or equal to 60, then overall attainment of COs is said to be '**Average**'.
- If for a given course, if attainment score of course is greater than 40, but less or equal to 50, then overall attainment of COs is said to be '**Satisfactory**'.
- If for a given course, if attainment score of course is greater than 30, but less or equal to 40, then overall attainment of COs is said to be '**Unsatisfactory**'.
- If for a given course, if attainment score of course is less than or equal to 30, then overall attainment of COs is said to be '**HighlyUnsatisfactory**'.

Evaluation of Attainment of Programme Specific Outcomes (PSOs):

Attainment of PSOs of a given programme is evaluated on the basis of attainment of the respective PSOs at department level. The attainment of PSOs are evaluated by on the basis of Attainment scores of all corresponding COs and the overall performance of students in class unit tests, seminars, assignments, project assignments, project, field visit, semester exam and students' feedback on teaching, learning & evaluation.

Evaluation of Programme Outcomes (POs):

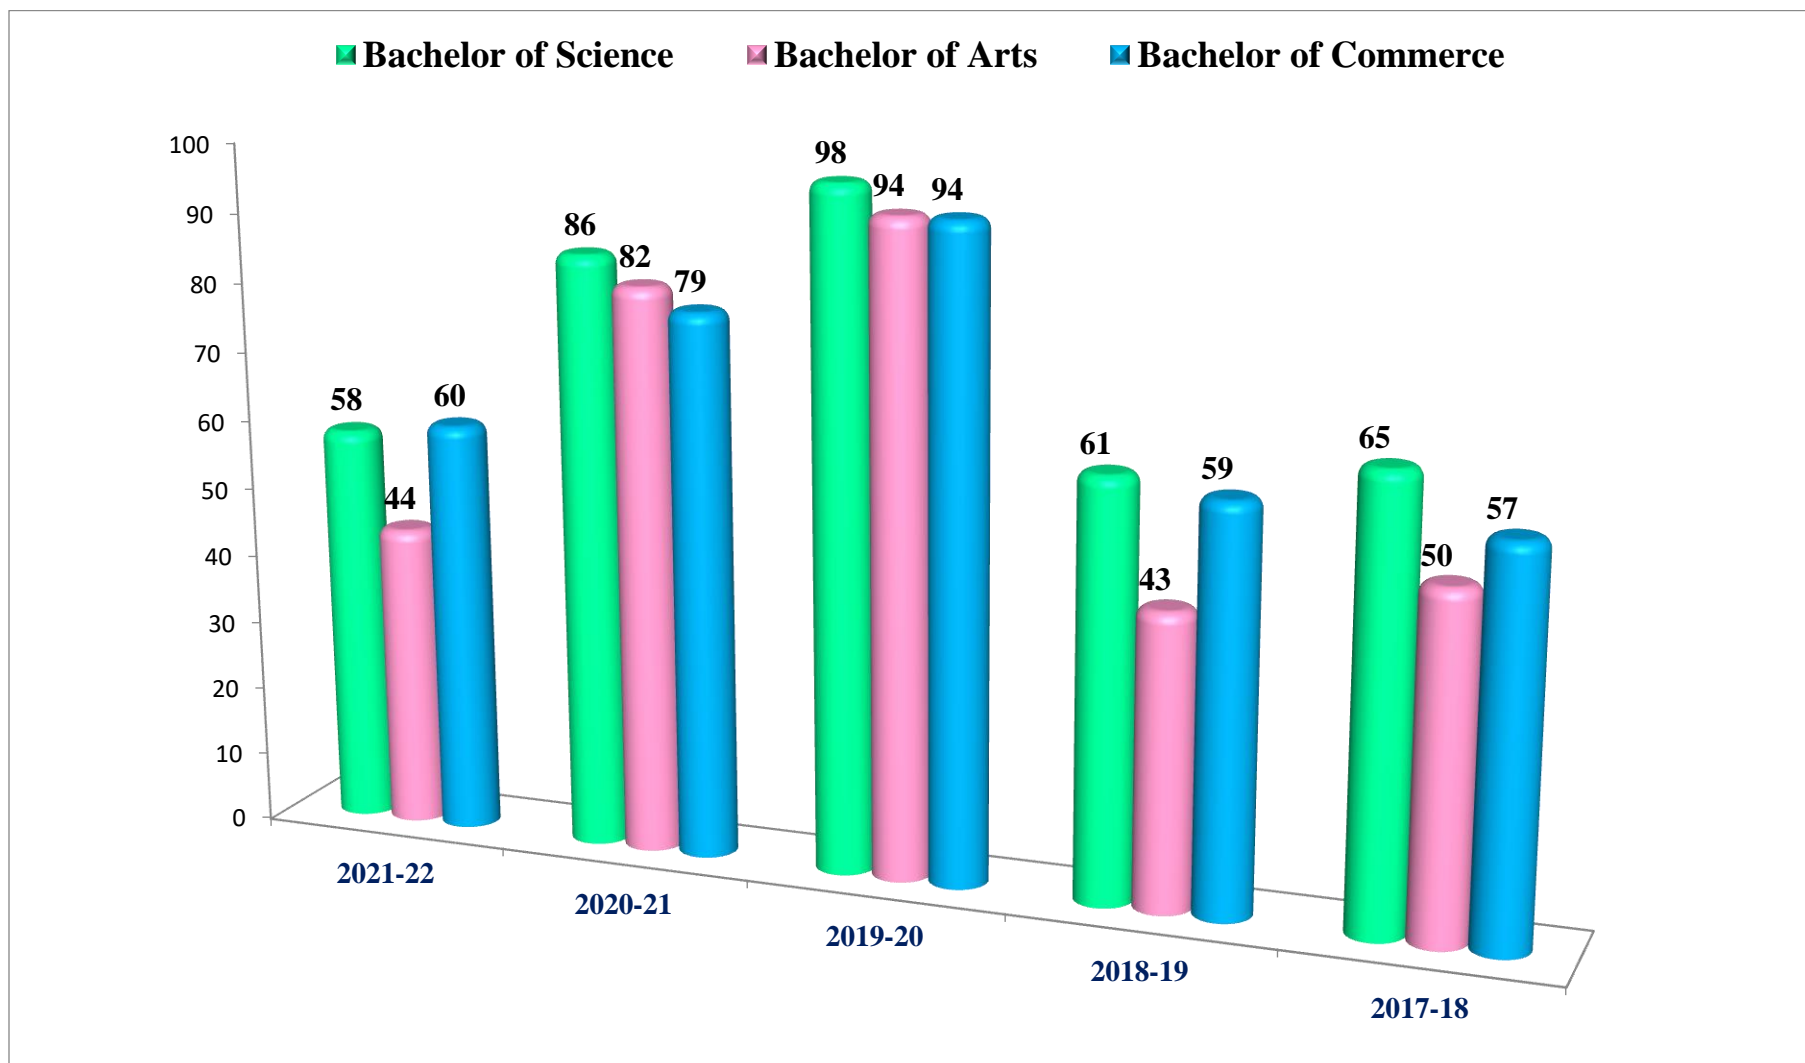

At the end of each program, evaluation of attainment of POs is done from the attainment of COs and PSOs of all subjects. Other key parameters considered for evaluation of attainment of POs are percentage of students due for degree, percentage of merits in university merit list, other achievements of the students and student's feedback.

Review on attainment of COs, PSOs and POs:

IQAC collects the quantitative reports on overall attainment of COs and PSOs of all programmes to prepare attainment of corresponding POs. Result analysis of semester end university examinations is discussed in Council of Heads, Staff Council and College Development Committee meetings. According to suggestions of authorities of the said committees IQAC initiated the action for further improvement.
