Action Taken:

Department of Physics, Shri Shivaji Science College Chikhli, organized online Awareness Program on Energy Audit and Its Importance dated 14/01/2022. Program starts at 11.00 AM with anchoring of Dr. Vijay Huse. First of all the welcome address of Principal Dr. O.S. Deshmukh and in his speech he emphasized on the today's situation of science and technology in renewable energy and energy audit. Mr. N.B. Thakare HOD Physics department introduced the resource person Mr, Rahul Deshpande.

The resource person Mr. Rahul Deshpande emphasized on the energy audit and its importance for building of our nation. An energy audit is an inspection survey and an analysis of energy flows for energy conservation in a building. It may include a process or system to reduce the amount of energy input into the system without negatively affecting the output. In commercial and industrial real estate, an energy audit is the first step in identifying opportunities to reduce energy expense and carbon footprint.

The Government of India set up Bureau of Energy Efficiency (BEE). on 1st March 2002 under the provisions of the Energy Conservation Act, 2001. The mission of the Bureau of

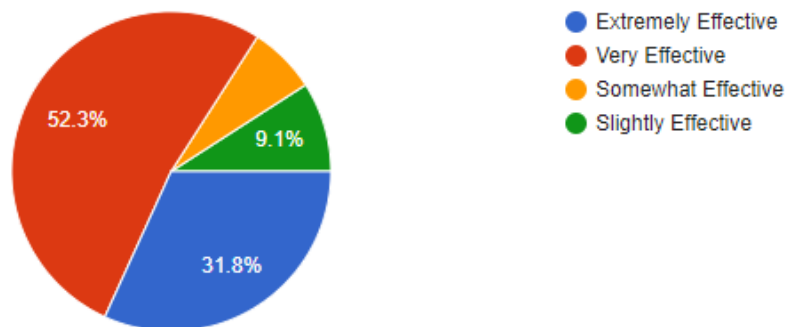

Energy Efficiency is to assist in developing policies and strategies with a thrust on self-regulation and market principles, within the overall framework of the Energy Conservation Act, 2001 with the primary objective of reducing energy intensity of the Indian economy.

After speech the question answer carried out with the help of the Google meet. At last vote of thanks given by Dr. Vijay Huse and with the permission of organizer and committee member the program ends at 1:15 PM.
