**Preamble:**

The Environment and Energy usage Policy of Shri Shivaji Science & Arts College is to manage energy in such a systematic way so as to minimize its impact on the environment. Green Campus Committee of college is devoted to the cause of environmental awareness, to undertake green initiatives, and to conduct green literacy programmes to save energy and to protect the environment.

**Vision:**

This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. The policy implies to explore the renewable energy resources to reduce the burden of the government and to find out alternate resources as solutions to the energy crisis. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

**Objectives:**

- To sensitize all stakeholders towards a Clean, Green, and Sustainable Environment.
- To help the students/Faculty understand each individual's responsibility to take an initiative to save the environment.
- To work with all stakeholders and the local community to adopt environmental good practice and the reduction of any adverse effects on the environment.
- To continuously improve the efficient use of all resources, including energy and water, and to reduce consumption and the amount of waste produced, recovering and recycling waste where possible.
- To ensure judicious use of environmental resources to meet the needs and aspirations of the present and future generations.

Save Energy, Save Money, Save Nation, Save the Planet.

**Policy:**

**Awareness:** Shall be create awareness on Environmental conservation among students, faculty, administrative and supportive staff and work towards sustainable development.

**Eco-education:** Environmental studies focusing on environmental concepts and issues will be integrated into to all academic, curricular, and extracurricular activities and programs of the College.

**Green Initiatives:** The college will work towards conserving and protecting natural resources for the future generation and will adopt green initiatives and sustainable measures for a clean and green campus. Activities to instil a sense of responsibility on environmental preservation will be promoted.

**Pollution Management:** Towards reducing pollution, steps will be taken up for minimising CO, emission from automobiles. Authorities shall take suitable steps for a Smoke-free and Tobacco-free campus. The relevant placards are displayed to highlight the need for a clean, green, and sustainable environment

**Outreach Programmes:** The college will take up initiatives through its extension activities to reach the society through campaigns, workshops and awareness drives on pertinent environmental issues.

**Energy saving:** Graded efforts will be taken to replace out dated and energy consuming equipment with Energy efficient equipment /LED bulbs, Sensor based energy conservation measures shall be adopted. All stakeholders shall Avoid using electric lights in classrooms and halls where there is sufficient natural light

**Renewable Energy:** To ensure energy security and conserve Nation's natural resources, the use of renewable energy through installation of solar power panels to augment the energy needs of the college will be implemented soon in upcoming year.

**Waste Management:** Segregation of solid wastes in different colour coded bins will be ensured across the campus, Solid waste management of organic matter through vermicomposting will be sustained.

**Policy Document & Environment and Energy**

**Shri Shivaji Science & Arts College, Dist. Buldana**

3

**Ban On Single Use Plastic:** Institute shall take a step forward to ban single use plastic all together to minimise plastic pollution in the campus. All stakeholders will be advised to use jute or cloth products for various purposes.

**Water management:** Through replenishing the ground water by rainwater harvesting systems, borewell recharge system, trenches, ponds/bunds, judicious use of water resources and proper maintenance of water distribution system will be implemented

**Quality audits on environment and energy:** Energy Audit, Green Audit & Environment Audit to be conducted to assess and analyse the environmental impact. The analysis will be utilized to implement energy saving measures and upgrade the environmental condition in the campus.

This policy will be communicated to the students and employees via internal communication channels, and will be made available to all the stakeholders on the institutional website. The Environment and Energy Policy, objectives and targets will be reviewed on a regular basis by the Green Campus Committee and its members under the guidance of the Principal of the college.

# Policy Document on Green Campus Initiatives

**Shri Shivaji Science & Arts College Chikhli, Dist. Buldana**

1

**Preamble:**

Shri Shivaji Science and Arts College, Chikhli, Dist. Buldana envisions a Clean and Green Campus where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus and beyond the campus. The green campus concept offers the institution an opportunity to take the lead in redefining its environmental culture through instilling environmental ethics among students and staff. The increasing human foot print on earth poses great environmental challenges that continue to grow over time. An unprecedented effort is required to alleviate the adverse effects that human activities have on the ecosystem, effects that in turn alter how we interact with the nature and with each other. Inclusion of all approaches to problem solving will be necessary to effect a meaningful change.

**Vision:**

Vision for green campus is to make the campus and its surrounding green and clean and conservation of Nature and natural resources in the surrounding area and educating on how to live Eco-friendly. Clean and Green campus through adopting, practicing and promoting environmental friendly practices among students and staff to generate Eco-consciousness among them and in the world around them.

**Objectives:**

- To protect and conserve ecological systems and resources within the campus.
- To bring awareness among the students/Faculty about the hazards spoiling the environment.
- To help the students/Faculty understand each individual's responsibility to take an initiative to save the environment.
- To work with all stakeholders and the local community to adopt environmental good practice and the reduction of any adverse effects on the environment.
- To continuously improve the efficient use of all resources, including energy and water, and to reduce consumption and the amount of waste produced, recovering and recycling waste where possible.
- To ensure judicious use of environmental resources to meet the needs and aspirations of the present and future generations.

**Role and Responsibilities:**

- The institutional Green Campus Committee shall perform the role of overall planning, executing and monitoring of the eco-friendly initiatives of the institution.
- Promote environmental consciousness and sustainability among stake holders and the neighbourhood community.
- Identification and implementation of alternative sources of energy and energy conservation measures.
- Implementation of effective waste management mechanisms to minimize pollution.
- Identification and implementation of water conservation measures.
- Undertake and monitor green initiatives in the campus.
- Review and implement the suggestions arising out of Green Audit.

**Institution Green Campus Initiatives**

The Institute shall make all the necessary efforts to involve the students, faculty and staff in “Green Campus Initiatives” through NSS & NCC Units.

**1) Waste Water Management/ Rainwater Harvesting:**

- Repair sources of water leakage, such as dripping taps as quickly as possible.
- Installation of appliances which reduce water consumption.
- Implementation of rain water harvesting.
- Bore well recharge system
- Trenches to increase underground precipitation of water at Late Pandharinath Patil Samadhi Sthal
- Construction of Tanks & Buds at some places in college campus.

**Policy Document on Green Campus Initiatives**

**2) Energy Conservation Measures:**

- Activate power management features on your computer and monitor so that it will go into a low power “sleep” mode when you are not working on it.
- Turn off your monitor when you leave your Table.
- Activate power management features on your laser printer.
- Whenever possible, shut down rather than logging off.
- Turn off unnecessary lights and use daylight instead.
- Avoid the use of decorative lighting.
- Use LED/Sensor based LED or compact fluorescent bulbs.
- Keep lights off in conference rooms, classrooms, lecture halls when they are not in use.
- Use the fans only when they are needed.

**3) Waste Management:**

- Segregation of waste into dry and wet waste from the separately allotted dustbins is done in strategic locations, thus maintaining the Campus clean and Eco- friendly. Segregated bio degradable and non-degradable waste handed over to Municipal Corporation, Chikhli.
- Chemical liquid waste generated in the lab is collected in separate soak pits which are located aloof from the water bodies.
- Reduce the practice of burning plastic and other materials that emit harmful gas on burning is prevented in the campus.
- Segregated into organic waste is used to prepare compost for in-house consumption compost produced in Vermi compost project in college campus
- A stack of paper that has been printed on one side and use it for day to day rough paper work
- Dispose the chemical waste generated from the laboratories in a scientific manner.
- Maximize use of paperless technology i.e., sharing of data /Lecture notes on google class-room, e-mail etc.

**4) Landscaping with trees and plants:**

- Plantation more trees within and outside the campus as a part of Go Green Campaign.
- Medication plants and trees have been planted to clean the atmosphere.
- Oxygen Park with Tulsi plants and Neem trees is constructed in parking area.

**Shri Shivaji Science & Arts College Chikhli, Dist. Buldana**

4

**5) Restricted entry of vehicles/ Use of Bicycle/ battery powered vehicles:**

- No Vehicle Day for all stakeholders shall be observed campus on every Thursday.
- Restricted entry of automobiles prompting the use of bicycles and electric vehicles as possible.
- The students shall be encouraged to avail Bus Pass facility of Maharashtra State Road Transport Corporation.
- The employees of the college whose residence is close to the college campus shall be encouraged to walk to college.

**6) Plastic Ban Policy:**

- Ban on use of single use plastic in college campus and in all important meetings of the college.
- Mandate faculty, non- teaching staff and students to avoid the use of plastic water bottles and to increase the use of alternate solutions like use of paper folders, cloth/jute bags, and jute files instead of plastic make items
- Distribution of cotton bags on various occasion as a measure of plastic ban policy.

**Major Green Campus Initiatives:**

- ISO 9001:2015
- No Vehicle Day observed & Restricted entry of automobiles
- Waste water Management/ Rainwater harvesting
- Use of Micro-scale techniques
- Sensor based energy conservation
- Displayed poster on Save Energy Tips
- Maintenance of water bodies and distribution system in the campus
- Single Use Plastic Free Campus
- Tree Plantation Drive & Cleanliness Drive
- Landscaping and gardens
- Use of LEDs only
- Digital Library/ E-Learning Centre
- Organization of sensitization programmes for the stakeholders
- Green, Environment and Energy Audit conducted
- Installation of talking tree app.
- Installation of Solar Power Station

Conserve water; every drop counts.

**Preamble:**

Water scarcity is one growing concerns of the present times, the ultimate solution for which is water conservation. Issues related to water governance have not been addressed adequately. Mismanagement of water resources has led to a critical situation in many parts of the country. In this context our institute is committed to rain water harvesting and sustainable water management. We have taken several initiatives to conserve water such as rain water harvesting from rooftop run-offs, creation of pond/trenches and bore well recharge system, maintenance of water distribution system etc. Therefore, institute make a policy for water conservation and sustainable maintenance of resources.

**Vision:**

Proper water conservation measures to increase recharge of groundwater. The College views water from the three inter-related dimensions of Efficient Conservation, Responsible Consumption and Restoring and Retaining surface and groundwater.

**Objectives:**

- To increase recharge of groundwater by capturing and storing rainwater, by rain water harvesting from rooftop and run-offs.
- To store the water for gardening & washing purpose.
- To ensure continuous water supply to all sections and departments in college campus.
- To recharge bore well system in monsoon season.
- To Reduce wastage of water
- Soak pits to treat effluents from laboratories.
- Cleanliness drive to prevent water runoffs and clogging of waste material into nearby water sources.

**Facilities:**

- Rain water harvesting from rooftop run-offs.
- Well-developed bore well recharge system
- Low pressure & sensor-based water tabs in some areas of campus
- Ponds and trenches near the tomb (Samadhi) of Late Pandharinath Patil
- Water distribution system in the Campus
- Soak pits to treat effluents from laboratories.

**Policy Document  
on  
Waste Management**

## Introduction

Higher education institutes play a vital role in the field of environment and sustainability, considering this Shri Shivaji Science and Arts College, Chikhli, Dist. Buldana, shall pay considerable attention to minimize the production of waste on the campus. This policy envisages to guarantying the moral, social and legal responsibilities of the College in creating an environment-friendly and sustainable world devoid of waste and exploitation of nature. This policy is a guidance document to the faculty, staff and students to behave responsibly in the production of waste, waste segregation, storage, handling, transport and disposal.

## Vision

The policy envisions a community which is acutely conscious of the anthropogenic condition of the world and therefore strives to create an ecologically healthy, prospering and resource efficient community, where waste is considerably reduced, recycled, reused and disposed of using an environment friendly safe method.

## Objectives:

- Create consciousness among faculty and students about the ways in which waste is generated and the means by which they can reduce waste generation and manage the waste they produce.
- To provide appropriate training for faculty, staff, students and other stakeholders on waste management issues.
- Orienting them to adopt appropriate technologies for processing and managing solid, liquid and e-waste.
- Follow the five "R" principle of reduce, reuse, recycle, refuse and regenerate
- To promote holistic approach of waste management in the campus.

## Waste Management Methods:

### 1) Solid Waste Management

- To keep campus, keep clean, neat and tidy, Dustbins are placed in the college premises, corridors and office.
- Cleanliness drive in campus for collection of garbage and solid waste by NSS & NCC students.

The good man is the friend of all living things.

Shri Shivaji Science & Arts College, Dist. Buldana

2

**1) Solid Waste Management**

- The solid waste is segregated into organic and is used to prepare compost for in-house consumption and non-degradable waste is collected by the Municipal Corporation Chikhli.
- Maximized use of paperless technology i.e., sharing of data /Lecture notes on google class-room, google cite, college website e-mail etc.
- All one-side used papers are utilized for routine printing activities.

**2) Liquid waste management:**

- Chemical liquid waste generated in the lab is collected in separate soak pits which are located aloof from the water bodies.
- The soak pits are periodically emptied and dumped in special area outside the campus and town with due care.

**3) E-waste management:**

- E-waste at our college refers to electronic equipment that has gone out of use. The cartridge of printers is refilled from a suitable vendor and reused it.
- Canteen wastewater shall be managed through sedimentation pits which are cleared periodically of the waste and the rest of the water shall pass into the traditional drain.

**Preamble :**

The Government of India signed UNCRPD and enacted Rights of Persons with Disability Act 2016 that recognizes that persons with disability are entitled to equal opportunities & rights to participate in the political, social, and economic and self development activities in all walks of life. Moreover, the right to education focuses on the need to have inclusive education, which means that educating students with learning difficulties and identified disabilities have the right to fulfilment of their educational needs.

**Policy:**

College aims at making the education and other services accessible to all stakeholders to provide inclusive environment to all in Higher Education the college is committed to provide additional support to make Divyangjan equitable and independent. College will take necessary measures to make infrastructure and programmes accessible to all without distinction, providing special measures for those who fall under the category Divyangjan.

**Objectives:**

- To ensure that students with disabilities get equal opportunities to explore their educational potentials.
- To provide a nurturing and motivating environment for students with learning disabilities to accommodate their pedagogic needs.
- To eradicate any kind of stigmatization and segregation so that they can become confident individuals.

The infrastructural facilities at our Institute are Divyangjan friendly to make the learning environment more convenient for the differently-abled students.

**Institution Facilities:**

- Two entrances for easy and proximate entry and exit.
- Ramp facility is available on the campus.
- Physical facility like wheelchairs is available for physically challenged persons.
- Reserved Parking facility for Divyangjan.

i) Alternative Sources and Energy Conservation Measures:

a) Alternative Sources and Energy

Government of India has been emphasising to use alternate/ renewable energy resources to reduce burden on natural resources and to limit its usage. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities.

In this context our institution took following initiatives,

- LED lights are installed in some departments i.e., Physics, Electronics, Microbiology etc.
- High energy efficient equipments (four star & five star rated equipments) such as refrigerators are available in Microbiology and Zoology.
- Installation of 15kW on grid solar plant is in process

*LED Lights: Principal Office*

*High energy efficient equipments: Five Star Refrigerator in Principal Office & Zoology Department*

b) Sanction Letter for 15 Kw Solar Plant from Parent Society

Maharashtra.

**Sub: - Regarding installation of 15 kwp Solar Power Plant.**

**Ref: - Estimate sanction from Shri. Shivaji Education Society Head office for the Solar Power Plant.**

Respected Sir,

With reference to the above subject and your request to install the solar power plant of 15 kwp after the power bill analysis.

We are in process of designing of 15 kwp solar power plant also we are in process of completing the M.S.E.D.C.L. compliances.

As we have started the above process from 21/09/2022 after we receive approval from Shri. Shivaji Education Society Head .however the plant installation process has been started and will be installed within 45 days.

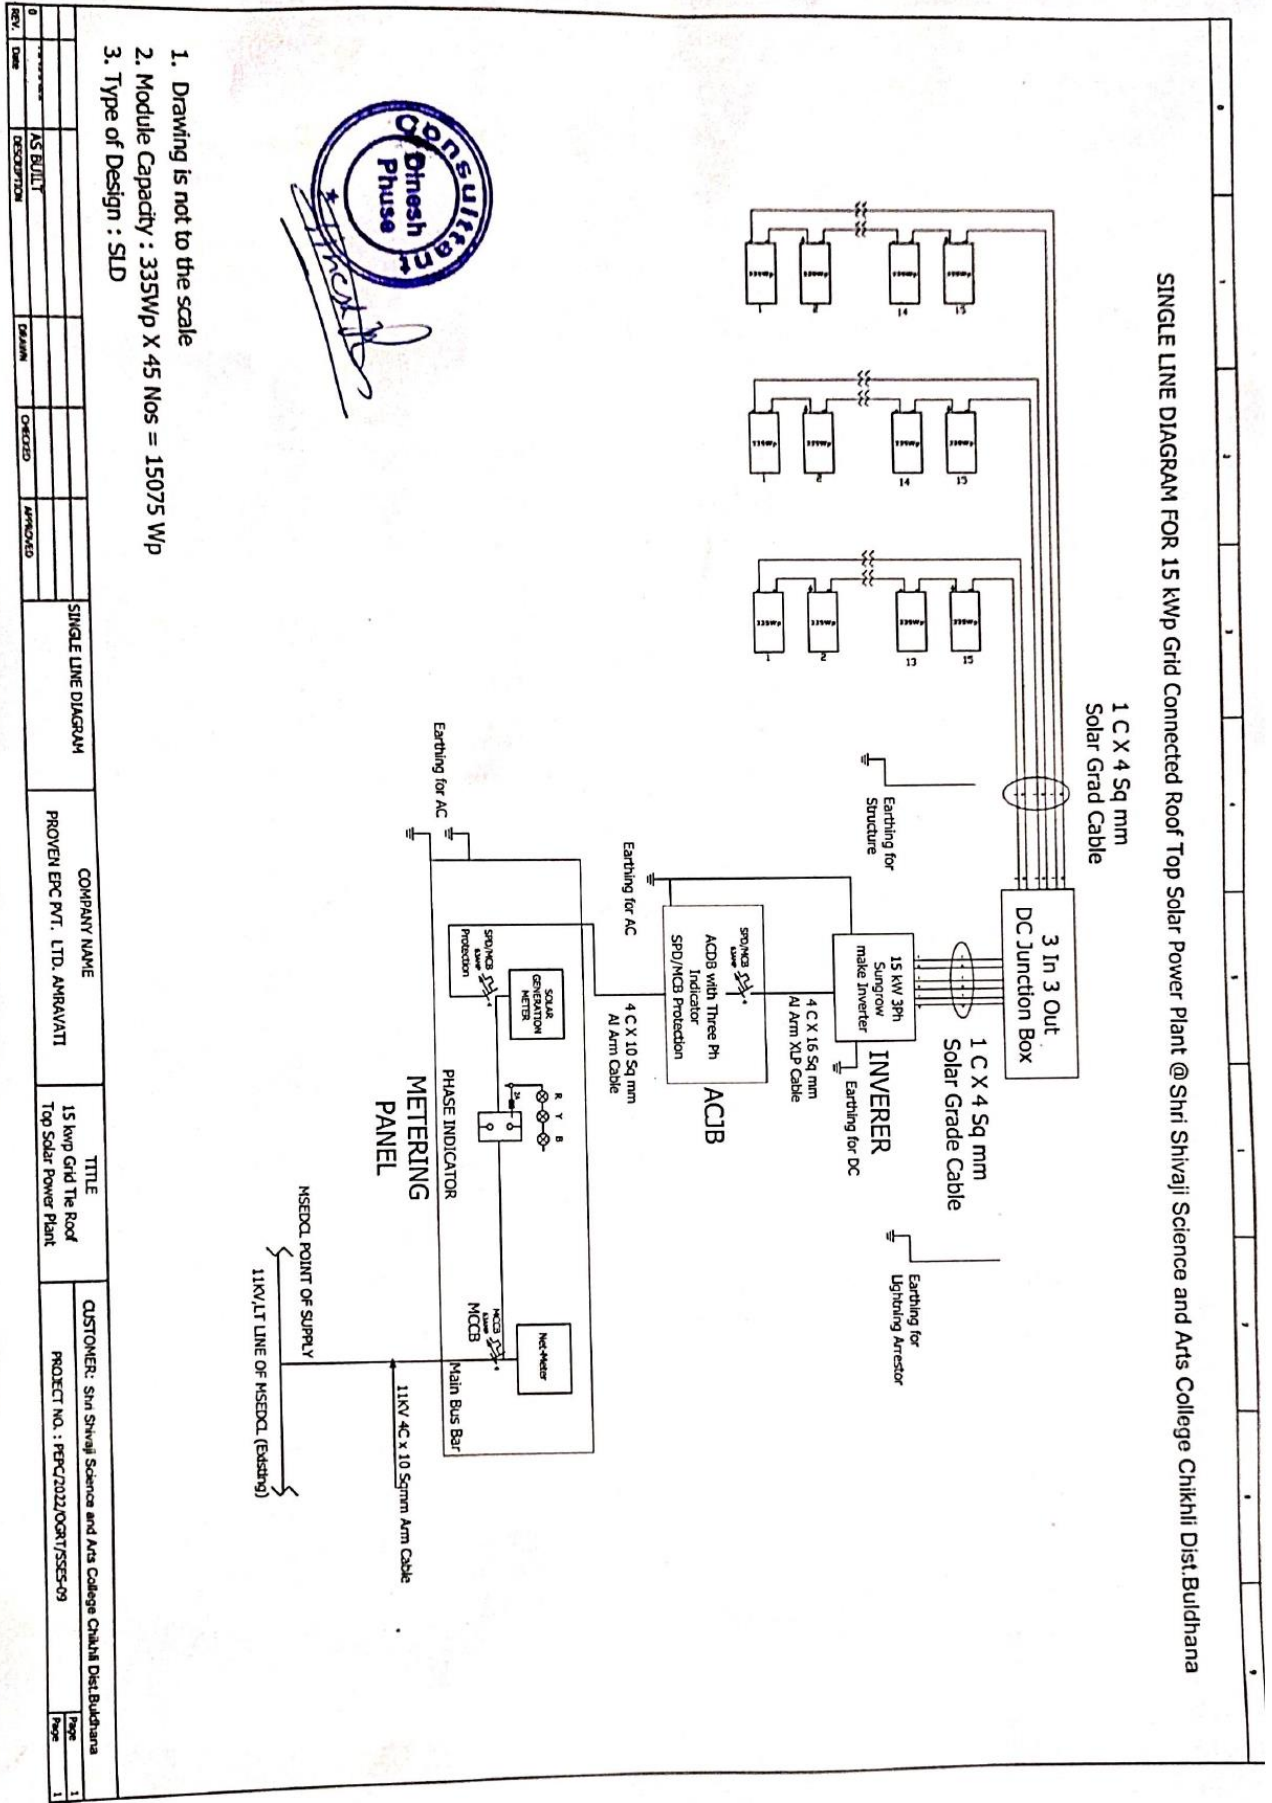

Thanking You

Sanction Plan for 15 Kw Solar Plant:

ii) Green Campus Initiatives:

Energy audit has been done by PPS Energy Solutions Private Limited, Pune, a government recognized private agency and Department of Physics. The Energy Efficiency Assessment was undertaken in order to evaluate energy performance and identify potential energy conservation measures. Environment and Green Audit has been done Nature Conservation Society, Akola (Maharashtra), a government recognized private agency and Department of Botany and Zoology. The methodology included data collection, insight inspection, evaluation, computation, conducting physical survey and review of relevant documentation.

A brief report has been submitted to provide a high-level overview of the status of clean and green environment at college campus combined with an illustration of areas for further improvements.

**iii) Water Conservation:**

Our institution has taken initiative to conserve the water by applying rain water harvesting and artificial recharge of ground water project in college campus which is approximately 18 acres. For this purpose, a catchment area is identified. The recharge zones of aquifers also identified and integrated water harvesting development activities are implemented with proper planning and management. As a result, the following facilities are available in the institution:

- Borewell/Open Well Recharge
- Rainwater Harvesting
- Water tank/bunds
- Water Distribution System in the Campus

**Composite bore well Recharge Project: Summer**

**Water Conservation: Rooftop Rain Water Harvesting**

*iv) Management Of the Various Types of Degradable and Nondegradable Waste:*

To minimize the production of waste on the campus institute has framed a policy document. It is a guidance document to the faculty, staff and students to behave responsibly in the production of waste, waste segregation, storage, handling, transport and disposal. Institute manages solid, liquid and E-waste.

*a) In House Vermi-Compost Project:*

To implement the concept of green and clean campus Vermicomposting project is implemented here. Recycled organic manure from the all types of biodegradable waste is to be produced.

The organic biodegradable waste is mixed with cow-dung in the ratio of 1:8. Beds of it are prepared & showered with water. On these beds the earthworm species E-foetida is spread. It is estimated that about 5000 worms can produce 01 Ton of organic manure within a month. Cleanliness drive being organised to collect solid organic waste in the campus by NSS & NCC students.

*Solid Waste Management: Vermicompost Project for Organic Solid Waste*

**b) Solid Waste Management & Certificate from Municipal Corporation Chikhli:**

To keep campus, keep clean, neat and tidy, Dustbins are placed in the college premises, corridors and office. The Institute has proper waste disposal mechanism. The solid waste is segregated into organic and is used to prepare compost for in-house consumption and non-degradable waste is collected by the Municipal Corporation Chikhli. Cleanliness drive being organised to collect solid waste in the campus by NSS & NCC students.

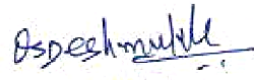

**c) E-Waste Management & Certificate from Municipal Corporation Chikhli:**

E-waste at our college refers to electronic equipment that has gone out of use. The cartridge of printer is refilled from a suitable vendor and reused it. The E-waste generated is handed over as scrap for recycling process to Municipal Corporation Chikhli, Dist. Buldana.
