ACTIVITY REPORT (September - 2023)

The following activities were conducted during the month of September-2023 in our college. Short Report of the activities is as follows:

1) Title: Release of Handbook of Compulsory English for B. A. Sem. III, B. Com. Sem. III and Certificate Course in Communication And Soft Skill Development on 9th September 2023

Objectives:

- 1) To make available handbook for self study as ready reference based on CBCS syllabus for students.
- 2) To provide students useful study material based on the syllabus of Certificate Course

Action Taken : This academic year the syllabi of undergraduate classes of Semester III have been revised. There is considerable delay in publication of textbooks of the classes. Looking at the need of students the Department took efforts to prepare the handbooks containing the needed study material for students. All the faculty indulged in the work of compilation of topics and notes from various on line resources. The e-resources are properly acknowledged in the handbooks. The material is modified as per requirement of students. The handbook based on the syllabus of Certificate is also prepared for ready reference of students. The handbooks were released by the Principal Dr. M. T. Nikam. The soft copy of the handbooks were uploaded on college website and shared on students Whats App Group.

Outcome: The textbooks based on the revised syllabus are not yet published. Students were badly in need of the study material. They are benefited as they got the handbooks

containing all required study material. It is now easy for them to prepare for forthcoming odd semester university exam.

3) Title: In-house workshop of Virtual Lab on Handling of Light Microscope

Objectives:

- To develop students' laboratory skills.
- To increase inclusivity of students for practical
- To provide learning flexibility

Action Taken : Virtual Lab is a project initiated by the Ministry of Education, Government of India, under the National Mission on Education through Information and Communication Technology.

The *In-house Workshop* was organized on 27th Sept for students of Life Sciences. Forty-four participants were present. They performed the Practical of Handling of Light Microscope at virtual lab. Students were amazed by using e-tools during performing experiments. Dr. V. M. Hemke guided students for the use of Virtual Lab.

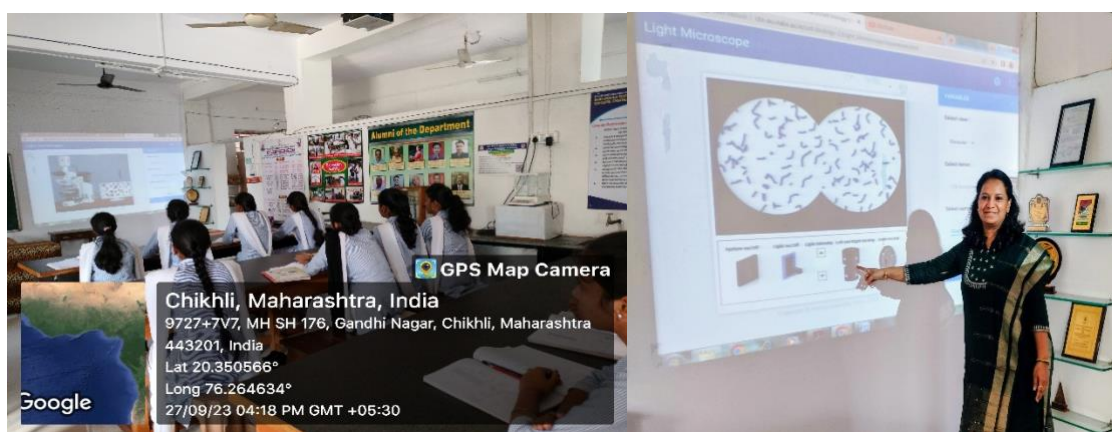

As one of the most important e-Learning tools, they allow the student to conduct various experiments without any constraints to place or time, in contrast to the constraints of real labs. Shri Shivaji Science And Arts College, Chikhli is the Nodal Center of Virtual Lab, NCID-147. Dr. V. M. Hemke Assistant Professor in Zoology is the Nodal Coordinator and Dr. S. S. Gaikwad is the Nodal Technical Coordinator for Virtual Lab.

Soon next workshop will be arranged for students of Maths group.

Outcomes:

- ✓ Enable students and teachers to study and prepare their experiments from any place and at anytime with 24/7 unlimited accessibility.
- ✓ Allow the students to reconduct their desired experiments many times, until they grasp all the information.
- ✓ The students are able to learn at their own pace and enthuse them to conduct experiments.
